**Subject:** Tracy and James' wedding

Dear Rhonda,

I want to thank you for helping to make Tracy and James' wedding an awesome experience. Paradise Springs was exactly what they dreamed of for their wedding. We thoroughly enjoyed the setting. The ceremony was beautiful in the meadow, the pavilion worked perfectly for hors d'oeuvres, wine and our slide show. The gazebo area was lovely for the dinner and dancing. After the meal the fathers and friends enjoyed smoking cigars on the patio area in front of the pavilion, the mothers and friends relaxed and talked on the sofas in the pavilion, the children played tag and hide and seek, and James and Tracy's friends danced. After all the older folks and children went to bed Tracy, James and their friends had a bonfire in one of the fire pits. Finally they retired to their cabins safely to spend the night and sleep in.

The managers were extremely helpful, especially with setting up signs to help our guests locate the facility. The vendors you recommended were already on my list but I agree they were the best. Yosemite Catering was efficient and the food was delicious. Coarsegold Flower Shop did exactly what Tracy requested with beautiful results. Yosemite and Beyond shuttle service was wonderful, staying to help guests from the meadow. Several out of town guests were grateful for the service as they were uncomfortable driving in the mountains. Our photographer Rachel DeBernardi and her assistant were everywhere. We are anxiously awaiting their results and we will share some with photos with our permission to use as you wish. I also recommend Tracy's friend Renee Graas who helped out as a coordinator. She has worked as a coordinator in the past but we had hesitated to ask her because we wanted to let her enjoy the experience as maid of honor.

I think your secret is out, but if you need a recommendation I would be glad to offer one to anyone considering your venue for a wedding.

Sincerely,

Roberta Dunnicliff
