

Willey Family Christmas Testimonial

Hi Rhonda,

Our family couldn't have had a more wonderful time than we did at Paradise Springs for Christmas. Everything about the place was perfect. Thanks for all you did. We ended up putting one of the cots in the downstairs bedroom---there's plenty of room there. The other two went at either end of the upstairs hall/loft, and that worked very well. So we had a bed for everyone plus we had the use of the dining room.

Speaking of the dining room, the beautiful centerpiece on the table got broken. I feel very badly about it and would like to replace it. And it wasn't even my grandchildren's fault---I knocked something off that hit it. So the glass part got broken. The rest is still usable, but it isn't as elegant as it was with the lovely glass candle holder in it.

The other thing I have to confess is that my husband mistakenly brought one of the snow shovels home. He intended to drop it off at the Villa---but forgot. Can I get it to you to take up there the next time you go?

My seven year old grandson pronounced it "the best Christmas ever!" and we all agree!

I owe you for the use of the cots.

Thanks again.

Sharon
